

2023/30448/470/3

CERTIFICATE

Biggestleaf (Pty) Ltd

has offset 222.16t CO₂e for Sep 2023 – Feb 2024

With:

Uchindile Reforestation Project – Tanzania
Verra Carbon Standard #142

Climate Neutral Group, part of Anthesis Group, invests in carefully selected offsetting projects which combine CO₂-reduction and/or removal solutions with wider social and environmental additional benefits. These socially progressive projects improve the quality of life of people who are threatened by the impacts of climate change. As such, they are a powerful tool for sustainable development.
